

PHASE SCIENTIFIC

WISHES YOU A
MERRY CHRISTMAS &
HAPPY NEW YEAR

AND

As we celebrate the end of this year, let's wrap up what we've done in

2022

Our FDA-approved rapid antigen test has become a 'Developed in Hong Kong, Made by Hong Kong' success story. As the first FDA EUA approved RAT in Greater China, INDICAID™ has played a vital role in limiting the spread of the virus in Hong Kong and around the world.

Our Efforts in COVID-19

Provided over
7.4 MILLION
PCR tests for
Hong Kong citizens

Produced over

100 million RATs

to help over 30

countries fight
against the pandemic

Provided door-to-door delivery service to over 300,000 RAT positive persons to get PCR tested

Supported the Hong
Kong Government in
the mass
distribution of RATs

Donated to

communities-in-need

and sponsored sports

& cultural events

globally

Supplying at least **30**million RATs to New
York State to help
hospitals and
citizens-in-need

Our Pipeline

With our technology, we intend to **change the landscape of healthcare** through more comprehensive information

Our focuses: cancer screening & infectious diseases

INDICAID™ COVID-19 Rapid Antigen Test has received the FDA EUA and is certified by regulatory institutions in over a dozen countries

PHASIFY™ MAX cfDNA Extraction Kit receives China's NMPA certification

Our New Chapter

Providing solutions to address the world's pressing health challenges is our commitment.

In the coming year, we will open a new production site in the Advanced Manufacturing Centre (AMC) at Tsueng Kwan O, a new clinical laboratory in San Po Kong, launch new diagnostic products and services, amongst many other projects to carry out that mission.

Follow our journey to Inspire a New State of Health.
